EXECUTIVE SUMMARY (DUAL TARGET: ENTERPRISE LEADERSHIP & SALES/FREELANCE MVP)

Accomplished **Lead Flutter Engineer & Mobile Consultant** with **4+ years of production experience** (since October 2022) architecting and deploying scalable Android, iOS, and Web solutions. Delivered **15+ applications to production** on Google Play Store and Apple App Store with **100K+ combined downloads** and 100% 5-star client satisfaction (verified on Clutch.co). Proven expertise bridging hardware & mobile software—including **NFC / RFID tag scanning**, Bluetooth Low Energy (BLE), and child safety **Kiosk Mode**. Specialized in rapid MVP launches (idea to store in 4–6 weeks), Clean Architecture, BLoC/Provider state management, in-app subscriptions, and payment integrations.

TECHNICAL SKILLS & EXPERTISE MATRIX

Mobile & IoT Frameworks:	Flutter (Android, iOS & Web), Dart, NFC & RFID Tag Hardware Readers, Kiosk Mode / App Pinning, BLE
Architecture & Practices:	Clean Architecture, MVVM, SOLID Principles, Repository Pattern, Multi-Package Modularization, App Profiling
State Management:	BLoC / Cubit, Provider, GetX, Riverpod
Native Platform & Languages:	Kotlin, Swift, Java, MethodChannels, Native EventChannels, CocoaPods, Gradle
Cloud, Backend & APIs:	Firebase (Auth, Firestore, Cloud Functions, Storage, Crashlytics), FCM, PushKit, Supabase, REST APIs, WebSockets
Payments & Subscriptions:	In-App Purchases (Apple StoreKit, Google Play Billing), Razorpay, Stripe, CCAvenue, Mollie, Apple/Google Pay
Database & Security:	SQLite, Hive, Flutter Secure Storage, Biometric Auth (FaceID / Fingerprint), Token Session Encryption
DevOps & Publishing:	Google Play Console, Apple App Store Connect, TestFlight release management, CI/CD, Git, GitHub Actions

PROFESSIONAL WORK EXPERIENCE

Flutter Developer (Lead)
Aug 2024 – Present | *Jaipur, India*
Inventco Software Pvt. Ltd. — Enterprise & Mobile Product Engineering

- **Hardware & IoT Integration:** Spearheaded engineering of *BLB Librarian (Better Letter Book)*, connecting physical children's books via NFC/RFID tag scanning with a parent-controlled Child Safety Kiosk Mode restricting device escape.
- **Architecture & Standards:** Standardized enterprise Clean Architecture across development pipelines, introducing repository patterns and reducing codebase technical debt across 5 concurrent projects.
- **Team Leadership & Code Quality:** Directed team of Flutter developers; conducted structured PR reviews, sprint planning, and automated CI/CD builds, achieving 99.8% crash-free sessions on production releases.
- **Client Consultation & Discovery:** Interfaced directly with founders from USA, Netherlands, and UAE to translate product vision into scalable technical blueprints and rapid milestone deliverables.

Flutter Developer
Feb 2023 – Aug 2024 | *Jaipur, India*
Solvebee IT Services Pvt. Ltd. — Full-Cycle Software Solutions

- **Production App Delivery:** Developed and maintained multiple enterprise mobile applications across fintech, insurance (Probus Insurance), and education (Govt RAS Club, Spelenderwijs) on Android and iOS.
- **Payment Gateways:** Engineered multi-provider checkout systems (Stripe, Razorpay, CCAvenue) with automatic transaction reconciliation and biometric authentication.
- **Performance Optimization:** Refactored heavy widget trees and cached network queries, boosting app startup time by 35% and slashing memory leaks.
- **Store Publishing:** Managed 10+ Google Play Store and Apple App Store deployments, handling compliance, review guidelines, and TestFlight beta releases.

Flutter Intern
Oct 2022 – Dec 2022 | *Remote / Jaipur*
Aimerse Technology — Mobile Application Lab

- Built responsive cross-platform UI components and integrated RESTful APIs with Provider state management.
- Implemented automated unit testing, fixed UI bugs, and established fundamental mastery of Flutter framework internals.

FLAGSHIP PROJECTS & PRODUCTION DELIVERABLES

BLB Librarian (Better Letter Book) — IoT & NFC/RFID Smart Learning Platform *IoT & EdTech Flagship*

Tech: Flutter, NFC / RFID Tag Scanning, Kiosk Mode / Safety Lock, In-App Subscriptions, Media Storage Quota, Clean Architecture

- **Hardware Tag Pairing:** Engineered native NFC/RFID reader interfaces to pair physical book tags with digital lessons upon physical tap.
- **Parental Safety Kiosk Mode:** Built app-pinning safety lock restricting children solely to parent-curated learning content without app exit.
- **Multi-Child Management:** Architected 'Little Ones' child profiles with personalized library access, audio phonics, and offline media caching.
- **Tiered In-App Subscriptions:** Implemented dynamic monthly/yearly billing (Free, Family, Premium) with device limits and real-time cloud storage quota tracking (up to 200 GB tier).

Dunnnit — Social Challenge & Habit Tracking Platform (Google Play & App Store) *★ 5.0 Clutch Verified Review*

Tech: Flutter, Firebase, REST APIs, In-App Purchases (StoreKit/Play Billing), WebSockets, Dynamic Links

- Architected from scratch using clean MVVM with Provider; built daily check-in verification with photo uploads and social community feeds.
- Integrated Apple StoreKit and Google Play Billing for in-app subscriptions and token purchases; implemented real-time chat and dynamic links.
- **Verified Client Impact:** Earned 5.0 Clutch review from CEO Branko Radovic praising technical knowledge, fast responses, and practical solutions.

Probus Insurance — Enterprise Policy Comparison & Instant Checkout *Enterprise Fintech*

Tech: Flutter, Razorpay, Stripe, CCAvenue, Biometric Auth, Hive Local Storage, REST APIs

- Engineered multi-tier insurance policy discovery and purchase portal (car, health, marine, property) with instant PDF receipt generation.
- Integrated biometric login, encrypted local storage via Hive, and seamless multi-channel payment gateway callbacks.

Spelenderwijs Verbeteren — Sports Analytics & Korfball Training Platform *Netherlands Client (Video Verified)*

Tech: Flutter, Custom Canvas Charts, SQLite Offline Caching, Video Progress Tracking

- Built custom animated performance charts, training exercises, and offline SQLite synchronization for Dutch sports teams.
- **Verified Client Impact:** Founder Tim van den Berg commended collaborative engineering and continuous improvement in public video feedback.

Govt RAS (RAS Club) — Civil Service E-Learning & Banquet Booking Portal *Govt. Compliance Platform*

Tech: Flutter, Razorpay, PDF Viewers, Interactive Calendar Booking Widget, Session Management

- Multipurpose platform delivering Rajasthan civil service examination prep courses and real-time room/banquet booking for state officers.

VERIFIED CLIENT TESTIMONIALS & SOCIAL PROOF

"Special thanks to Piyush for technical knowledge & practical solutions"

"A special thanks to Piyush for his technical knowledge, quick responses, and great collaboration. He thought continuously and knew how to translate our wishes into practical solutions. The team successfully deployed the app on iOS and Android platforms."

— **Branko Radovic**, CEO, Dunnnit (Abu Dhabi, UAE) • **5.0 ★ Verified Clutch.co Review**

"The team worked with us, not just for us"

"It wasn't just about building an app — it was about refining ideas, revisiting decisions, testing possibilities, and continuously improving the product together. Heartfelt appreciation to Piyush and the team for making this collaboration a success."

— **Tim van den Berg**, Founder & Product Owner, Spelenderwijs Verbeteren (Netherlands) • **Public Video Reel Review**

"Clean architecture, seamless payment & production stability"

"Piyush architected and delivered our multi-policy insurance application for Android & iOS with modular clean code, robust session management, and smooth payment gateway checkout with Razorpay and Stripe."

— **Senior Product Leadership**, Probus Insurance Brokerage (Mumbai, India)

EDUCATION & PROFESSIONAL CREDENTIALS

Bachelor of Science (B.Sc.) — ***Raj Rishi Bhartrihari Matsya University (RRBMU)***, *Alwar, India*

Professional Flutter Bootcamp Certification — *Dart OOP, Clean Architecture, BLoC & Cross-Platform UI Specialization*

POSP Certified Insurance Broker Representative — *Probus Insurance Brokerage — Financial & Insurance Tech Workflow Specialist*

RSCIT Qualification (Rajasthan Govt. Approved) — *State Government Computer & IT Qualification*
